About Me

Hi there! I'm Lauren Jeanette (sounds like spaghetti). I'm a work-hard, play-hard, nap-hard kind of person. With a wonderful family including my husband, newborn baby, and rescue-dog named Smooch... I am very passionate, enthusiastic, and creative in both my personal and professional life. As a great team player I bring my A-game and best attitude to every project. I've been an artist my entire life exploring both traditional and digital mediums - but nowadays I thrive in the digital world of graphic design, animation, and illustration.
